Headteacher: Mrs L Clayton

Assistant Headteachers: Mrs E Carroll & Mrs C Phillipson

28th April 2020

Dear Parents/Carers,

We hope that you are receiving and enjoying the weekly home learning via Parentmail. These activities are designed to cover aspects of our curriculum and can be completed without the need for any online content. However, as you may be aware, the Government have also helped to produce resources to support you in learning at home with your child. There are websites that have daily online lessons, including explanatory videos, activities and quizzes. These cover all the curriculum subjects, however please bear in mind that they do not necessarily follow our curriculum plan at Oughton so they may not be covering the topics that your child would have been learning at school. If you would like your child to complete this online learning, it can be accessed via the websites below. This can be done alongside or in addition to the work being sent home by Oughton. If you do not have online access, please do not worry and continue with the paper based work that we have set. There are also further educational website links on our school website if you wish to access more.

<https://www.thenational.academy/>

<https://whiterosemaths.com/homelearning/>

We hope that you find these useful.

Kind regards,

Mrs Carroll
