

Dear Parents / Carers

When school closed, each child was given an exercise book to complete their work at home.

Some parents are beginning to request another book as the children have almost completed the first one.

Today, we have put two boxes of exercise books in the school entrance lobby. If you need another book for your child, please come up to school and collect one. Please do not worry if the book is not the same as the previous one, most are lined or lined/plain. We will continue to refresh the books so do not feel that you have to rush up to school to get one.

Work does not need to be completed in a school exercise book, it can be completed on any paper that you have at home.

Please ensure that you do not break the social distancing rules, please keep 2m apart when on the school grounds.

Mrs Channa - Office Manager
