

Hello

To help your child's music learning at home we have set up an online music school using the music programme we use in school called Charanga.

To access the learning:

- Go to <https://charanga.com/yumu>
- Enter your username and password in the boxes
- Click on the Log In button.

Your child's login to Charanga Yumu (charanga.com) is their first and surname without any spaces followed by op (for Oughton Primary School).

Their password is their class name followed by the word 'class' without any spaces.

All information in lower case. No capitals.

An example would be:

timothybondop
elmclass

If you have a double barrelled name, use both, either for your first or surname.

Once you gain access to the site there are lots of activities to do.

Under the assignments section you will find the lessons the children have been doing in class so far this year. The children can explore them step by step and have a go at the activities in each step, just as they do in class.

There are also 2 other sections:

- Songs for their age group
- A learning at home unit specific for their age

The children will not have had access to these sections before. Let the children have an explore. There is lots to do to keep them entertained.

Any problems email....

I hope you enjoy making music!

Mrs Strange
Music Coordinator
