19th March 2020

Dear Parents / Carers

Further to my update yesterday, we have been busy making preparations for partial / full closure over the past week and can now share our plans regarding work for the children to do when they are not at school.

Tomorrow, each child will be given an exercise book to take home to complete work in, during the time they are at home. Some classes may also be sending paper copies of work to be completed.

On Sunday, each class teacher will be sending, via ParentMail, work that children can complete over the week. It will not need to be printed off, the work will be completed in the exercise book. This will be a mixture of different activities in a variety of subjects. Please support your child to complete this work throughout the week, ideally doing some every day to continue a learning routine. Work will continue to be sent out on ParentMail on a weekly basis.

Attached is a list of websites that you may wish to access with your children to offer them additional learning opportunities and some information for Parents.

If your child is currently off school, please arrange for someone to collect your child's book tomorrow from your child's class teacher at the end of the school day. Please email admin@oughton.herts.sch.uk to tell us who this will be and we will arrange for it to be handed over.

If you are unable to arrange this, please email admin@oughton.herts.sch.uk and we will try to get the book to you. If this is not possible, the work can be completed on paper.

We are expecting further information from the government later today regarding the criteria for children who will be able to attend the school from Monday 23rd March and I will then send further information.

Mrs Clayton
