

**Year 5 home learning – week 7**

**WRITING**

Your challenge this week is to continue to write your WW2 story. In my model, we have reached the exciting chapter with the battle. However, if you have your own ideas keep doing those!

In my model it is the chapter in which the British fighter pilots find and attack the German bombers over London. I have attached another writing pack that includes a model and a more detailed explanation about the task. **Only write up until the end of the battle, we will do the final chapter next week.**

Please see the attached support sheet for more ideas facts about fighter aircraft in WW2 and a teacher model. You can carry on from where my model finishes or simply rewrite the paragraph I have used for my model!

Or, go to [www.pobble365.com](http://www.pobble365.com). Complete daily work for each picture on there. I would love you to share your writing that you produce – be imaginative!

Dear Parents and Carers,

Here is an overview of the learning I would like the children to be completing over the coming week. Oughton Primary School are committed to ensuring your child is still learning as much as possible and endeavour to do our absolute best to keep this happen. I will be communicating with you via email as much as possible during this time and a new learning sheet will be produced on Sunday for the week ahead. If these are done please see whole school parent mail web-links.

Kind regards

Mr Marshall

**MATHS**

This week in Maths we will be practising the main written methods for addition and subtraction. I have included a worksheet for you to do and examples of each method. However, remember you can also access Oughton's calculation policy via our website, which will help you to follow the written methods.

**Maths Practical:**

Your job this week is to write a short paragraph about an activity that includes Maths. Last week I suggested time so this week try and write about measure.

There are many things you could write about but here are some ideas:

- How far you travel on a walk or bike ride
- How tall member of your household are
- Measuring things like the length of garden or how much you weigh

Do not panic about how to record this information, you could use bullet points to record each mathematical step or write it as a full paragraph. However, if you have another way this will be great too!

<p><b><u>Reading:</u></b> In reading this week I have included a reading task. Read the text and try and answer the questions. This is a difficult task and will be best done with an adult to help you. If you can't access the sheet, try and write a review of the book you are reading. Tell me what you are enjoying and if you would recommend it to a friend.</p>	<p><b><u>DAILY READING</u></b> There is still an expectation that children will read at least three times a week and fill in their journals. In addition, First News, the children's newspaper, has made their publication free online. I have attached the link below as the children enjoy reading these in school. <a href="https://subscribe.firstnews.co.uk/free-downloadable-issue/">https://subscribe.firstnews.co.uk/free-downloadable-issue/</a></p>		<p><b><u>RE</u></b> This week you have an RE challenge! This week I would like you to find out about the Pope in Rome, find who he is, where he lives and what his job is.  In addition, you could list some ways in which he is different from the leaders of the Church of England (the Archbishop of Canterbury). I have attached a research sheet for you but there are also facts on the internet.</p>
<p><b><u>D&amp;T</u></b> One of the summer D&amp;T topics for year 5 was to design a toy with a moving part. As a result, your challenge this week is to design your own toy. However, there are some rules!</p> <ul style="list-style-type: none"> <li>- It must have a moving part</li> <li>- There must be a handle or a button to make the toy move</li> <li>- It can't have any electricity (so it must work using things like gears, levers and pulleys)</li> </ul>	<p><b><u>SPAG.COM</u></b> We will upload SPAG work for you to complete online.</p>	<p><b><u>Geography</u></b> In the coming week, I would like you to pick a country from anywhere in the world and write a fact file about it. This could be a place you have a link to or simply a country you are interested in! Try to find out:</p> <ul style="list-style-type: none"> <li>- Where it is</li> <li>- What language it speaks</li> <li>- What the climate is like</li> <li>- How the culture is different to our own.</li> </ul>	<p><b><u>PE</u></b> This week in PE I would like you to try and go out for a longer walk/jog/bike ride with members of your house hold if possible as it links to you Maths challenge. I understand this might not always be possible so if not, remember you can always use Joe Wicks to keep fit. Please do not do this activity without an adult!  Try and do your routine 4 times a week!</p>
<p><b><u>Art</u></b> This week, your art challenge is to create a piece only using black and white! You have a range of options available to you: you could create a black and white pattern, a black and white realistic image or an abstract drawing in black and white!</p>			<p><b><u>ONLINE VIDEO HELP:</u></b> MATHS: <a href="http://www.bbc.co.uk/bitesize/subjects/z826n39">www.bbc.co.uk/bitesize/subjects/z826n39</a> has lots of guides to help you. SPAG: <a href="http://www.bbc.co.uk/bitesize/topics/zwwp8mn">www.bbc.co.uk/bitesize/topics/zwwp8mn</a> (grammar) <a href="http://www.bbc.co.uk/bitesize/topics/zvwwxnb">www.bbc.co.uk/bitesize/topics/zvwwxnb</a> (punctuation)</p>
